# ULTIMATE RIDE SERIES

Avoid rider fatigue and strain with Arnott's Ultimate Ride Series. These kits lower your motorcycle on demand for ease and comfort - meaning more enjoyment for those long weekend rides.

## FEATURES:

- **FOX® Street Performance monotube shocks**
- Advance high-flow, deflective disc, velocity-sensitive damping
- **Multi-ply Goodyear® air sleeve** to provide height adjustability and additional air spring firmness to reduce bottoming and smooth out bumps
- **Protective cans** to shield air sleeve from dust and debris
- **Powerful compressors** with application-specific mounting hardware
- **Handlebar-mounted inflation control switch**
- **Optional rebound control** enables rider to adjust internal damping of shock for a smooth ride

**MC-3111** - Ultimate Ride w/Rebound Adjustment (for 07-17 Harley-Davidson® V-Rod®)

# SMOOTH RIDE SERIES

Great for your first air suspension upgrade, our economical Smooth Ride Series helps riders quickly adjust the bike's ride height for stopping and parking at an unbeatable price. Optimized for each specific model, our kits provide a proven upgrade over stock shocks and are far superior in quality and safety compared to other discount kits on the market.

## FEATURES:

- **Monotube shocks engineered by Arnott®** specifically for motorcycles to provide a sporty, stock-like ride at an affordable price
- **Multi-ply Goodyear® air sleeve** to provide height adjustability and additional air spring firmness to reduce bottoming and smooth out bumps
- **Micro compressor and inflation control toggle** switch quickly adjust height
- Great option for shorter riders and those with mobility issues
